Examples of tutorials:

- NeurIPS 2025 Tutorial (videos and slides are available):
<https://neurips.cc/virtual/2025/loc/san-diego/events/tutorial>
- ICML 2025 Tutorial (videos and slides are available):
<https://icml.cc/virtual/2025/events/tutorial>

Group presentation schedules:

Each group will give an approximately 30-minute presentation (including Q&A) on their selected tutorial. Pilot Lecture 8 on July 31st will be dedicated entirely to group presentations. Since we have a total of five groups, we will check students' availability between 9:30 AM and 12:15 PM on that day to determine the presentation order.
